Re: Excellent Performance

I am taking this opportunity to express my sincere appreciation to your department. Last month I was visiting my brother-in-law, who has a house in Groveland. Another younger brother-in law accidentally hit my daughter in the head with a golf club. I was very scared because my daughter was bleeding a lot, so we drove to your fire department.

The first thing the fireman asked when we went in was if everything was ok. My brother-in-law and I told him the problem, and he immediately got help. A paramedic put my daughter on a counter and cleaned the affected area. When the paramedic finished with my daughter, a fireman gave us directions to get to the closest hospital.

Thank you for your help.

Sincerely,

Maritza Gomez
